

Itinerary changes

FRA 1105

Dear travellers,

Please note the following changes on your tour:

- Day 5: The memorial is closed for restoration, but you will have access to the martyr village
- Day 8: In winter we do not have dinner at the farm as it is closed, we will go to the farm for the tour, and have dinner in Sarlat
- Day 10: The self-guided tour of the Counts' castle in Carcassonne was not successful, we are getting a 2-hour walking tour with a local guide instead
- Day 13 and 14 have been swapped, as we cannot do a food tour on a Monday (places are closed for business in Lyon on Mondays). You will get to experience everything that we had planned on these days, just in a different order
- Day 15 and 16: We will adjust the cruise day and time depending on your plans in Paris and the weather. You will have free time in the afternoon of day 16 for your own explorations

In any case, I promise I will remind you of these changes and keep you up to date; I can also guarantee that we will make the most of them.

A bientôt (see you soon),

Gwen
